Dear Janet,

This month, JWW & Associates, LLC recognizes ClearView Glass Installers, Inc.

In business since 2008, ClearView is on the rise to becoming one of the premier glass companies in the Kansas City community.

Read on to find out more about this valued full service autoglass shop.

### Business Spotlight: ClearView Glass, Inc.

Professional Glass Installers  
auto-home-business

ClearView Glass Installers, Inc., formerly known as All About Windshields, is a locally owned and operated company that specializes in the field of auto, home and commercial glass repair and replacement services

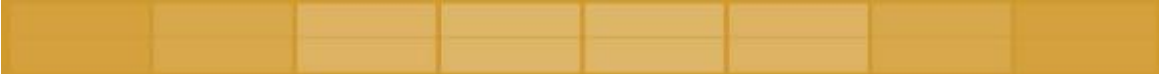

in the greater Kansas City and surrounding area.

ClearView was founded in 2008 by Owner and President William L. Reed, Sr. who has worked in the glass business for over 15 years. After working several years for a national glass company, William had the desire to work for himself and started the business with the vision of turning ClearView Glass into one of the largest glass companies in Kansas City.

Located at 1410 E. 63rd St on the corner of 63rd and Paseo, Clearview Glass Installers is quickly becoming the preferred choice for local residents. With its hometown appeal, competitive prices and world class customer service, each customer leaves ClearView Glass ready and willing to spread the word about its services.

ClearView Glass lives by its mission statement of providing each customer quality products and exceptional service by empowering talented, hardworking and dedicated people who consider their career with ClearView Glass Installers a source of personal pride and accomplishment, and have the opportunity to grow personally and professionally by working toward one common goal... complete customer satisfaction.

ClearView has grown from one employee to now five in the course of two short years. In the Spring of 2011, Clearview is looking forward to starting an on-the-job training program for minorities between the ages of 18-40 seeking to learn much needed job skills in the glass industry.
